

brandywine environments

Since our inception, Brandywine has earned a reputation for providing workspaces that reflect our uncompromising commitment to excellence. **BRANDYWINE ENVIRONMENTS**—a collaborative effort that ensures highly sustainable and cost-effective work environments through specific, measurable objectives—demonstrates that commitment.

2017 ACHIEVEMENTS

CLEANING

Utilizing LEED-compliant and sustainable cleaning equipment, paper, soaps and chemicals in over 88% of properties

RECYCLING

Worked closely with our tenants to achieve a portfolio-wide recycling diversion goal of over 80%

PURCHASING

88% of company-wide purchasing of soap and paper products are now sustainable, at no additional cost

2018 OBJECTIVES

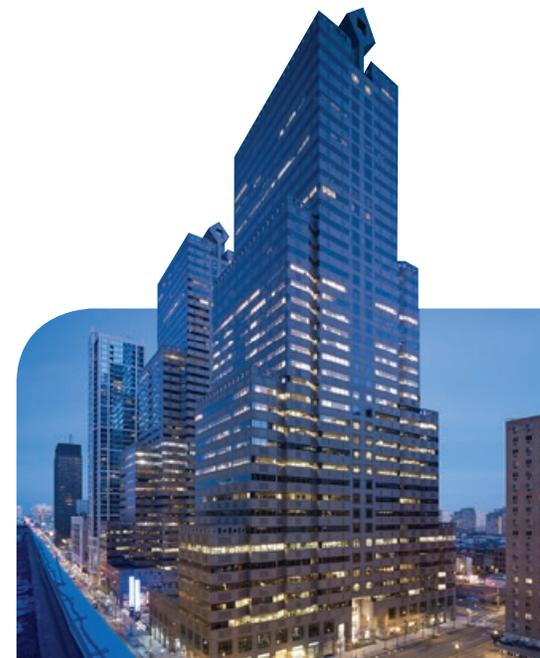

Energy Management: Continue to identify strategies to conserve energy and reduce electric load; benchmark all Brandywine managed properties in Energy Star; continue to earn recognition for our energy reduction through the Energy Star Program

Marketing Awareness: Enhance marketing efforts (internally-JV partners/externally) to bring awareness to BDN sustainability endeavors

Tenant Engagement: Engage tenants to reduce their overall environmental impact through regular communications and action-oriented programs

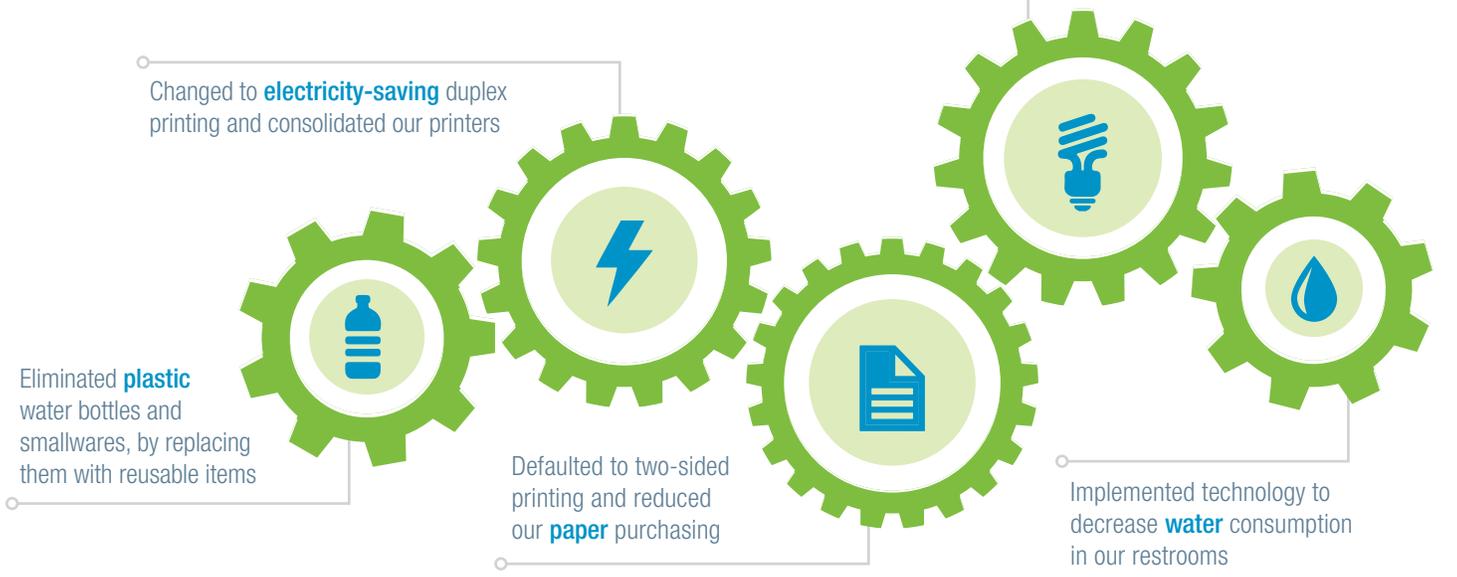

LEED Training: Host LEED training session for Brandywine employees to enable them to become LEED Green Associates and create Sustainability "Green Team" to track, oversee, and highlight regional sustainability initiatives

Office Environments: Continue purchasing practices to buy and measure sustainable office supplies and business cards; measure paper savings from two-sided printing

BRANDYWINE CREATES SUSTAINABLE CHANGE

To reduce waste and save money in our own offices, Brandywine has:

Brandywine Environments fosters a culture of responsible business practices for our tenants, employees, shareholders and communities.

GO GREEN, SAVE GREEN

Brandywine has helped its tenants become more sustainable and save money with easy-to-implement ideas:

- Install motion sensors in conference rooms, offices and common areas
- Plug electrical cords into power strips, turn strips off at the end of the day
- Carpool or take mass transit to work
- Coordinate with Brandywine to set up a single-stream recycling program
- Work with Brandywine to implement LEED practices where practical during construction and everyday operations
- Monitor usage of air conditioning and heat, reduce consumption at night and on weekends

Looking for ways to bring more green to your office?

Brandywine can help.
